Information about Mentimeter

<https://www.mentimeter.com/>

Mentimeter is a very easy to use Web 2.0 tool which can be used to engage students with each other, with their teachers and with the content. It can be used to:

- Create fun and interactive presentations
- Check students' prior knowledge
- Spark open classrooms discussion
- Create a quiz to check students' knowledge in a fun way
- Allow students to vote
- Gauge students' understanding
- Ask an open ended question to see what students learned

Getting Started

First click +New folder.

The screenshot shows the Mentimeter web interface. At the top left is the Mentimeter logo. To its right is the user's name and email: "Tania Formosa's presentations tania.formosa@ilearn.edu.mt". On the left side, there is a navigation menu with items: "Your presentations", "Inspiration", "Upgrade", "Branding & colors", "Account", and "Help". The main content area is titled "Home" and contains two buttons: "+ New presentation" and "+ New folder". The "+ New folder" button is highlighted with a red dashed border. Below these buttons is a "Name" label and a dropdown arrow. A dialog box titled "Create new folder" is open, showing a text input field with the text "eTwinning" and two buttons at the bottom: "Create folder" and "Cancel". The dialog box is also highlighted with a red dashed border.

Name the new folder
and click **Create folder**.
